

NATURAL STONE CANDLE KEEPSAKES - \$40.00

Natural stone has a very basic power that it draws from its origins in the earth. This gives the material a lifelike quality which belies its stony unchanging face. When combined with the energy of a tiny flickering candle the result can be quite powerful.

These keepsakes are 2 inches wide and include a secure compartment underneath.

Keepsake Scattering Cylinders - \$42.00

The Passages Collection of Scattering Cylinders is designed and engineered to simplify the scattering process. The cylinders are durable, dignified and simple to use. Each features a convenient removable lid and an industry-first, perforated "push in" tab that opens easily prior to scattering. They contain no metal or plastic components and can be recycled or composted after use.

Suitable for "in-cabin" airline transportation.

All designs are available in individual and keepsake sizes.
